The County Commissioners and Treasurer shall furnish the Auditors all the aid and information required by them in the performance of their duties.

The County Convention shall, during each biennial session of the legislature, grant county taxes for its county for two years; but the tax for each year shall be voted separately, and collected in the year for which it was voted.

The reports of the several officers named shall contain a summarized account of all their transactions which concern the county, for the current year ending as aforesaid, and the report of the superintendent of the county farm shall contain, in addition, a list of the paupers actually supported at the farm, a statement of the number of weeks each was so supported; and of the average cost per week for each pauper, with an explanation of the basis upon which such calculation was made.

The County Commissioners of each county shall publish attested copies of the proceedings of the County Convention, with the printed reports of the county officers for the year in which such proceedings occurred.

Proceedings of the County Convention.

STATE OF NEW HAMPSHIRE, }
HOUSE OF REPRESENTATIVES, }
CONCORD, N. H., JAN. 11, 1893. }

Agreeably to the requirements of the Statutes of the State of New Hampshire, the Rockingham County representatives met in convention in room 9, at the State House, Wednesday, Jan. 11, 1893, the day appointed by law for that purpose.

The meeting was called to order at one o'clock P. M. by Albert S. Wetherell, of Exeter.

Albert S. Wetherell of Exeter, was chosen chairman, and Lincoln F. Hooke of Fremont, clerk.

On motion of Ernest L. Guptill, of Portsmouth, John H. Fellows of Brentwood and George F. Morrill of East Kingston were chosen auditors for the term required by law.

The Commissioners of Rockingham County were next called upon for remarks.

George W. Sanborn of East Kingston, chairman of the board of county commissioners, replied: That owing to the absence of one of the board of auditors from the State, and the remaining auditor being unwilling to take the responsibility of auditing the county commissioners' accounts alone, their report was not ready.

The Convention then voted to adjourn for two weeks.

Commissioners' Report.

TO THE INHABITANTS OF THE COUNTY OF ROCKINGHAM:

In accordance with the requirements of the Public Statutes, we present you with the report of your Commissioners, together with the report of the Superintendent of the County Farm and House of Correction, Physician and Chaplain, Sheriff and Jailers, Solicitor, Clerk of the Supreme Court, and Treasurer, for the financial year ending December 31, 1893.

The Commissioners would kindly acknowledge the courtesy and kindness extended toward them by the retiring Board of County Commissioners, who aided them in many ways, upon their assuming the duties of their office.

Mr. Charles C. Tucker and wife, the Superintendent and Matron of the County Farm, having resigned their position—Mr. Melburn J. Dimond and wife, of Danville, were appointed to fill the somewhat difficult positions thus vacated. Mr. and Mrs. Dimond assumed control of the Farm early in April, and have thus far been remarkably successful in their administration of the affairs connected therewith. Perhaps their success is due in a measure to the instructions of Mr. and Mrs. Tucker, who kindly and carefully initiated them into the varied duties incumbent upon them. Mr. and Mrs. Dimond, while they have governed the various classes of inmates under their charge with firmness, have also done so with kindness and a careful consideration for the comfort and health of all concerned. Particularly fortunate have they been in the selection of their assist-

ants in the house, the jail and upon the farm. Much of the success of their administration of affairs is due to the faithful labors of the assistants.

The Insane department has been under the immediate charge of Mr. and Mrs. C. W. Parshley, who have labored earnestly and faithfully to render the condition of the unfortunate ones committed to their charge as pleasant and comfortable as possible.

The Commissioners earnestly desire the people of the county to visit the farm and see for themselves how all of the various classes of inmates are cared for, in regard to food, clothing, lodging, cleanliness and medical attendance, and in all things which go to make life comfortable to the inmates.

Any of our charitably-inclined friends who may have books, papers and periodicals which they may wish to donate to the Farm can do so with the knowledge that such articles will be gratefully received, and will be appreciated, especially by many of the inmates who have seen better days, and are persons possessed of *no small* amount of refinement and literary taste.

The Commissioners have caused to be built at the farm a new house for the storing of grain, and in the basement thereof have placed suitable tanks, heated by steam, for swill boiling purposes, thereby removing from the cellar of the main barn that which had been an inconvenience and also a positive damage to the barn. The cost of the new building was \$493.36. As an additional prevention against fire, the new high water service has been carried into the Insane Asylum, and several hundred feet of fire hose, additional, have been purchased, thereby reducing the risk from fire to a minimum.

All of the wooden buildings have been painted during the year, at a cost for stock only of \$236.15, all the labor having been done by prisoners.

The new Court House at Exeter is well along towards completion, and is to be finished early in June next, having been built by

the proceeds of sale of County bonds, issued by authority of the County Convention and sanctioned by an act of the Legislature.

During the year the Grounds around the Record building at Exeter, and also around the Court House and Jail at Portsmouth have been fenced, graded and seeded down, and other minor improvements made, as seemed necessary.

In regard to the matter of the support of a bed in the Chase Home for Children and Cottage Hospital at Portsmouth, which was referred by the County Convention to the County Commissioners elect and left to their discretion—the commissioners, although they consider the objects in every way worthy, yet owing to the large expenses of the County for the present year, have decided to take no action, at least for the present, in regard to the matter.

Under the present law all County Lands and Buildings, except Almshouses, are taxable in the towns wherein situated. This has resulted in the taxing of County Buildings in the city of Portsmouth and in the town of Exeter, and also in an increase of taxes in the town of Brentwood upon County Buildings. Thereby increasing the expenses of the present year by \$3035.43, which includes the tax by the City of Portsmouth of \$1254.45 for 1892.

The amount of money appropriated by the last County Convention, for the years 1893—1894, are as follows:

| | 1893 | 1894 |
|---|--------|---------|
| Supreme Court, | \$300 | \$1,000 |

Auditor's Report.

PORTSMOUTH, Jan. 16, 1894.

We, the Auditors of the County of Rockingham, have carefully examined the accounts of the County Commissioners, for said county, and find them properly cast and with proper vouchers for all expenditures. From the best evidence by us obtained, we are satisfied that the articles procured by the Commissioners for the use of the county have been purchased at a fair market value, and have not been diverted from their legitimate use.

Physicans' Report.

To the Commissioners of Rockingham County:

GENTLEMEN :—We submit the following report for the year 1893.

During the past year there has been an unusual amount of sickness among the inmates of the Almshouse, House of Correction and Insane Asylum.

In July there was an attack of diarrhœa, which prevailed to a considerable extent among the inmates, and at first proved rather intractable to treatment. It resulted fatally, however, in only two cases, both old and debilitated persons. Following this, later in the season, were one or two cases of mild typhoid fever, which apparently originated on the farm. The only severe case of typhoid was admitted when well advanced in the disease, and it terminated fatally, in a few days.

The occurrence of diarrhœa caused us to carefully examine the diet, hygienic and sanitary conditions, and we found the closets and plumbing, and sanitary conditions generally of the buildings, good. At the outlet of the sewer there were conditions not entirely satisfactory. The defect, however, was at once remedied, when brought to the attention of the Superintendent, so that in the future we apprehend no danger from that source.

During the summer, examined the stock of medicine in the dispensary, and cast aside much, that on account of age had

deteriorated or become worthless, and caused the stock to be replenished.

Throughout the year there has been an unusual number of patients demanding surgical treatment and necessitating a large amount of surgical dressing, and this, taken in connection with the renewing the stock of drugs and the unusual amount of sickness, has required an expenditure larger than usual in our department.

The number of deaths for the year is thirty-four.

We wish to notice the death list a little farther. Many persons are admitted when far advanced in disease, some even in the last stages. A large number of the inmates are old and feeble, and easily succumb to attacks which in younger or stronger persons would be regarded only a slight ailment.

We have appended two tables to this report, the first showing the ages of the decedent, the second the cause of death.

A glance at the first table reveals the fact of the averaged advanced age of those who died during the past year. Leaving out the four children under 3 years, of the remaining 30 deaths, only 7 were under 50 years, while 10 were above 70.

The general health of the inmates is good, and, with the exception above noted, there has been no prevailing disease.

Our relations with the Superintendent, Matron and assistants, the attendants upon the insane, and others employed about the place, have been of the pleasantest. We have found them ever ready and willing to help us in the discharge of our work, and we believe that they have the comfort and well-being of the inmates under their charge ever in mind.

Chaplain's Report.

To the Honorable Board of Commissioners of Rockingham County:

GENTLEMEN:—I herewith present my report for the last 4 months of my service as Chaplain at the County Almshouse. There is nothing of special significance to report. Very little in the way of variety occurs at any time in the chaplain's line. The usual routine of duties familiar to all, is regularly pursued. These several duties, I endeavored faithfully to perform the last 4 months of my incumbency, as also during the nearly six and a half years preceding.

Whether I accomplished any good or not God knoweth best. I certainly tried to be useful to those under my charge. Perhaps some poor souls were cheered and helped by my labors. I humbly trust so.

In conclusion, allow me to say that I cannot speak too gratefully of ex-superintendent Tucker, and family, with whom I was associated during the most of my service at the County Institution. Their great, and ever increasing kindness, for so many years has laid me under lasting obligations to them.

May God reward them.

Respectfully submitted,

W. H. JONES.

Epping, N. H., Jan. 1st, 1894.

To the Honorable Board of Commissioners for Rockingham County:

GENTLEMEN:—I present to you my report as Chaplain of the County Farm, for the past eight months. During that time I have endeavored to present Christ to the inmates of this Institution, to the best of my ability. And I feel a heavy responsibility resting upon me, knowing that the most of them hear the Gospel from no other source. And, I bless God, the word preached has not returned void.

We have had some special meetings at the farm of late, and we believe that a number of the inmates and prisoners have become converted to God, and the good work still goes on. Mr. and Mrs. Dimond (Superintendent and Matron) have taken a deep interest in the meetings, and have done all they could to forward the work. It is a great blessing that such a man as Mr. Dimond has been placed at the head of this Institution. A man who can pray with the sick and dying, and point them to Jesus, the Saviour of men. May he long continue in the position which he now holds.

And I am also glad to say, the subordinate officers are God fearing, and excellent men for the positions they hold.

The music, vocal and instrumental, led by the Superintendent and Chaplain's daughter, is very cheering and helpful.

And now, in closing this report, I would ask an interest in the prayers of all who pray, for the blessing of God to rest upon this institution, and that many more may be saved through the blood of Christ.

Respectfully submitted,
J. W. HIGGINS,
Chaplain.

Total indictments found and accounted for 84

In cases where sentence has been suspended, or where indictments have been placed on file, this course has been pursued because of the inability of respondents to pay fines, and upon their agreement to quit the business, under penalty of having sentence enforced if their agreements should be violated.

Aside from the cases above enumerated, we found, upon assuming the duties of the office, 29 cases on the State Docket, 28 of which have been disposed of in various ways.

We have given the customary attention to preliminary prosecutions and have made strenuous efforts to suppress what is generally known as the "road house" nuisance in the county, and in some localities have succeeded in driving it out entirely, while in others we feel encouraged to believe that it will soon have to give way to repeated prosecutions.

Realizing that one of the least satisfactory expenditures of money received from the tax-payers is in the enforcement of criminal legislation, we have endeavored to secure early adjournments of Grand Juries, and practise such economies in other ways as the circumstances of particular cases allowed.

LOUIS G. HOYT,
County Solicitor.
